Cocoa

Adulterated Substitute

UGAR is worth about five cents a pound. The best cocoa beans are worth about forty cents a pound. The cocoa which is 14 sugar costs the manufacturer much less to produce than the package which is not sweetened. When you buy a sweetened cocoa, can't you see that the maker is getting the best of the bargain? When you buy

and sweeten it yourself, don't you realize how much more economical it is? Runkel's Cocoa is all cocoa, all pure. It has the most fragrant and enticing flavor. It never varies in quality. It goes furthest without costing more. THE STANDARD OF EXCELLENCE AND PURITY FOR 35 YEARS
